Where Life Unfolds

Our signature floor plan guide

Longmoor, Burlington

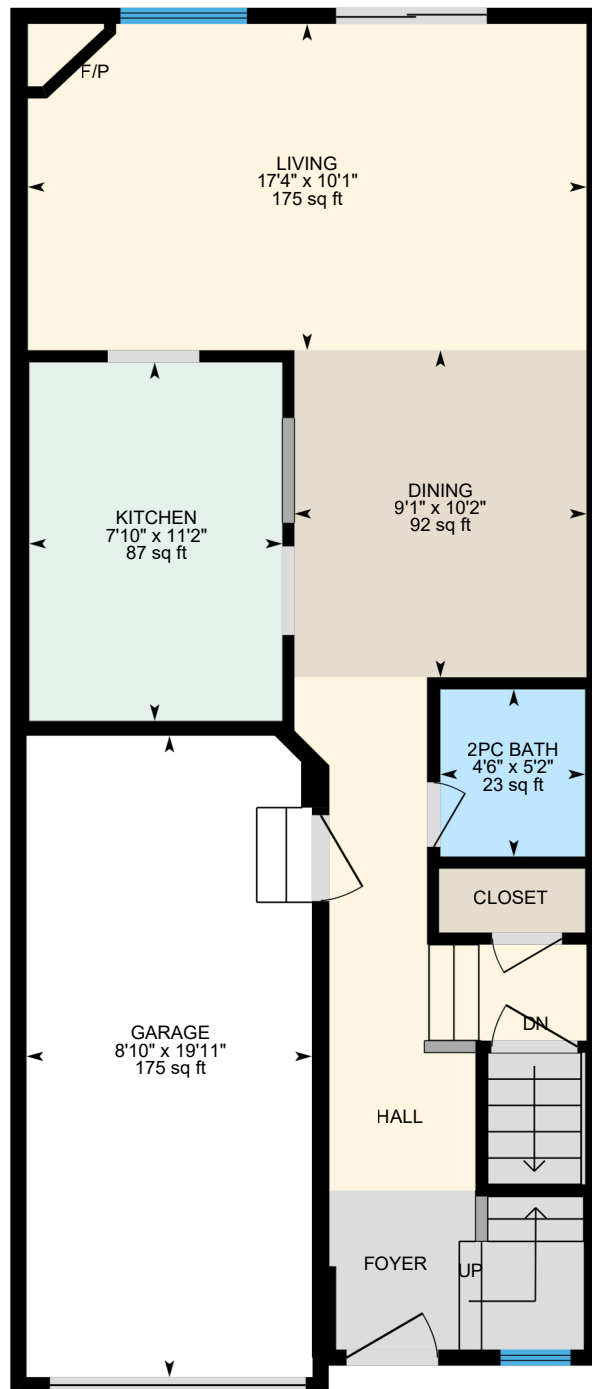

The rhythm of a home, one level at a time.

Before routines settle into rooms, every home begins with flow. In the way the entry welcomes you in, how the kitchen connects to daily life, or where quieter spaces sit just beyond the main gathering areas.

This guide offers a closer look at the layout behind the story. Floor by floor, it traces how the home is designed to support everyday living: space to come together, spread out, host, and unwind. It's more than a set of floor plans. It's a look at how life actually moves through the home.

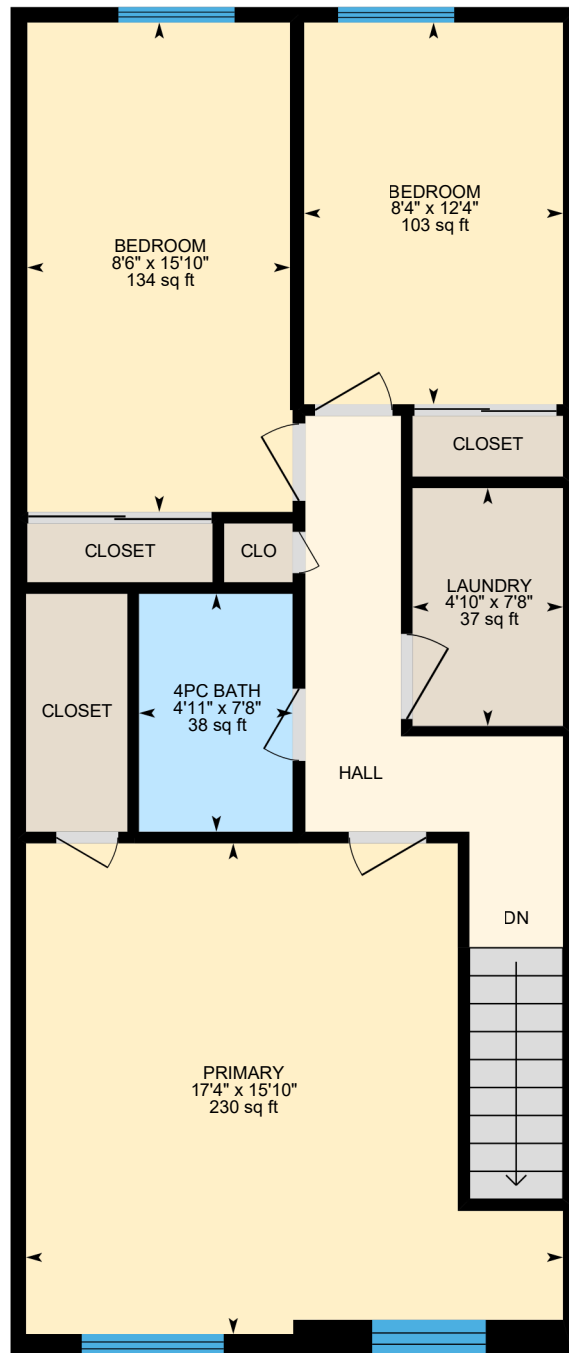

MAIN FLOOR

Exterior Area 588.61 sq ft

Through the door, the day opens up. Living, dining, and kitchen sit close together, easy to move between.

SECOND FLOOR

Main Floor + Second Floor = 1,379.12 sq ft above-grade living area

The primary suite holds its own corner, walk-in closet tucked behind the bath. Laundry sits just steps away, close to where it's needed most.
